## Welcome to IDALS Division of Soil Conservation's FARMS

**FARMS is a web-based Financial and Reports Management System for managing various Soil and Water Conservation programs.**

This new innovative web-based system will allow you to:

- Follow your cost-share practice from sign up to payment, all in front of your eyes via your FARMS online Account.
- Review at anytime all the practices and maintenance/performance agreements that are recorded in your FARMS account.

FARMS has been established to allow the public to access the most up to date IDALS/DSC program information, to access the local SWCD information or contact them for assistance and to allow cooperators to apply for cost share assistance or to review the cost share assistance information all from the convenience of the home.

If you would like to apply for cost-share assistance and establish your FARMS online account, please click the apply for assistance tab under the main menu heading and it will guide you through the simple process.

If you have already established your FARMS online account, click the login tab and enter your user name and password in order to view your account information or apply for assistance under this account.

**WELCOME to the world of online Soil and Water Conservation.**

## Iowa Department of Agriculture and Land Stewardship IDALS Division of Soil Conservation's FARMS

### Main Menu

- > Home
- > Program Information
- > Map of Districts
- > Search Staff and Commissioners
- > Search Maintenance Agreements
- > Apply for Assistance
- > Login

### Application for Assistance - Step 1 of 6

You have chosen to request financial assistance with your local Soil and Water Conservation District and IDALS Division of Soil Conservation. To best process your request, there are a few things you should understand before proceeding:

1. All financial assistance programs have eligibility requirements. Please take the time to [see if you are eligible](#).
2. If you are eligible for financial assistance, any practices tied to your account will be bound by a maintenance agreement that can be in effect for as long as 20 years. Please read the [Practice Maintenance/Performance Agreement page](#) for more information.
3. By applying for financial assistance you will be granting district representatives the right of ingress and egress to your land so that they may process your request.

#### Right of Ingress and Egress

Soil and Water Conservation District Commissioners and their agents are granted the *Right of Ingress/Egress*. The agreement specifies that the district will provide technical assistance in planning, applying, and maintaining soil conservation and water management practices on a tract of land. The landowner through this agreement grants authorization to district personnel for ingress and egress upon the land. The agreement contains information necessary for the district to prioritize technical assistance activities.

If you do not understand the terms outlined above, please feel free to [Contact Us](#).

**If you agree to the above, you may begin the request for assistance by pressing the "Continue" button below. Otherwise, you may press the "Cancel" button to cancel this request for assistance.**
